1. Southwest of Sandanski (OK-2344), infantry trenches were being dug recently in a zigzag form with the following dimensions:

Width at bottom - 40 centimeters  
 Width at top - 70 centimeters  
 Depth - 1.40 meters

2. On an unnamed hill between Sandanski and the cemetery (sic) the trenches are in three lines, approximately 30 meters apart. Each of these three lines is approximately 120 meters long. From the cemetery two lines of trenches continue in the direction of Lebnitsa (OK-1939), approximately 50 meters apart, and terminate in the meadows alongside the Struma River. The overall length of these trenches is four kilometers.
